

Speech-to-Speech Call with Confidence

Speech-to-Speech (STS) service allows people who have a speech disability or use an assistive voice device to make and receive phone calls. STS Relay Operator are specially trained to understand speech patterns, repeats your words as needed for clarity to ensure you are heard and understood.

How to make your STS call:

- Dial **711** or **800-582-2395** for English / **800-582-2544** for Spanish and provide the telephone number of the person you want to call.
- After making the connection, you speak on your phone directly to the person.
- Instruct the Relay Operator will repeat what you said to the person as needed for clarity.

Mississippi Relay offers the following options:

- Online TRS Customer profile
- STS Call Setup
- Wireless *STS
